FOUNDED BY THE SISTERS OF ST. JOSEPH

February 4, 2019

Mr. Tony Falzano
Sr. Sheila Walsh
The Caring Music Group
150 French Road
Rochester, NY 14618

Dear Sheila and Tony,

It was just a few minutes before “the curtain came up” on October 20, 2018. Our playbill was filled with sponsors, the crowd found their way to The Dugan Center. We had prize items for a drawing, refreshments and enough seating for a sizable crowd. I had heard The Caring Music Group in rehearsals, a spirited, talented crew performing all original numbers in cabaret style – a play within a play in the best of community theatre and off-Broadway tradition.

My hopes were exceeded by a wonderful, entertaining evening of song and dance, sweet, poignant and a lot of fun. The members of the group seemed to enjoy being together and enjoy entertaining a crowd that loved the show. We raised more than \$5,000 for St. Joseph’s Neighborhood Center. These dollars directly impact and support the quality care of our patients and clients. As you know, we provide comprehensive medical, dental and mental health services to those in our community who struggle to access health care.

The performance allowed us to showcase information about the Neighborhood Center, in introducing The Caring Music Group and after the show, when thanking them and announcing the drawing winners.

I appreciate the roots of The Caring Music Group, going way back to the 1970’s and teens coming together to perform in a theatre experience. It is amazing that some of those original performers came back together in 2012, for a musical reunion, and have stayed with your team as you help to raise funds for worthwhile organizations in the community.

You and your co-producers, cast and crew gave us a gift at St. Joseph’s Neighborhood Center and helped us kick off our 25th Anniversary Year with music, laughter and joy. Who said fundraising can’t be fun-raising? With The Caring Music Group it is all that and more!

Gratefully Yours,

Joel Elliot
Development Director
