Dear Tony,

Thank you for participating in our recent fundraising partnership, *A New Day Starts Tonight* musical production at The Fielding NextStage at GEVA. Because of this partnership, Hope Hall received \$9,000 to support our programs which make it possible for students who learn differently to excel in school and in life.

The storyline was inspired by and filled with hope. The music lifted everyone's spirit and the choreography beautifully matched what the music was saying. Your passion and commitment to the production was evident throughout the performances.

I am deeply grateful for the number of hours you spent rehearsing and performing on behalf of our children. You will be forever in my prayers.

Gratefully,

Diana Dolce, S.S.J.
