

Testimonial for The Caring Music Group

As the Community Relations Director, For Willow Ridge Senior Living, I have had the distinct pleasure of collaborating with the Caring Music Group for a recent fund-raising event.

This Production (event) For the Love of It, benefited Rochester Emergency Veterinary Services. Rochester's only Veterinary Service operating at night and on weekends.

Their dedication to using the arts and their talent to support not-for-profit organizations is commendable.

The Performances delivered by The Caring Music Group are nothing short of spectacular.

Each show is a vibrant celebration of talent, creativity, and heart leaving our residents and patrons thoroughly entertained. The actors bring an infectious energy that resonates with an audience of all ages, creating an atmosphere of joy and camaraderie.

Beyond their remarkable performances, what truly sets The Caring Music Group apart is their genuine commitment to make a difference in our Rochester Community.

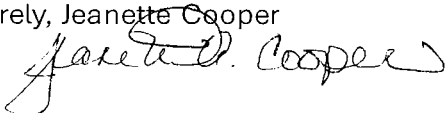

The support given by the Board was helpful, very organized and methodical.

They truly are there to guide every step of the way.

I wholeheartedly recommend the Caring Music Group to any organization looking to host an engaging and meaningful event. Their Passion for the arts partnered with the love for local community service make them an invaluable asset.

Thank you to The Caring Music Group for your incredible work and for the joy you bring to our community!

Sincerely, Jeanette Cooper
